

## Westbury's Everest Challenge 2014

Straight after Christmas many of the fitter people of Westbury took to their feet and cycles to climb the hill to the White Horse repetitively. The idea was to continue until they had climbed the equivalent of Everest's height.

Well done to all those people, especially James & Oli Welbourn & their dad, Mark. Also, thank you to all those people as they raised over £400 for WWYSA in the process.

We see them here presenting a cheque to Margaret our Commodore.
